Gerry received the data and forwarded it to their data validator. He did not look at the data to give me a quick update. I will ask for a full copy of it.

We should get a copy of the data as received from the NAREL and not just an "Executive Summary" version of the data.

I spoke with Cindy White and they emailed the data packages for the Canadian Radium site to Weston on Tuesday of this week.
You may need to ask Andrew or Gerald if they can forward a copy to us.
